<p>WATER COMMENTS / CONDITIONS: (1) The fire flow requirement for the applicant's proposed project must be determined to identify if improvements to the City's system are necessary. (2) This is not an application for or approval of water service to the proposed site. A proper application must be filed with and accepted by the City before service will be provided. The City has a service connection charge, meter installation charge and plant investment charge for each new water service provided. It is recommended that the applicant consult with the City to obtain applicable fees, charges, and procedures which may change during the property development process.</p>	<p>SEWER COMMENTS / CONDITIONS: This is not an application for or approval of sewer service to the proposed site. A proper application must be filed with and accepted by the City before service will be provided. The City has a service connection charge and plant investment charge for each new sewer service provided. It is recommended that the applicant consult with the City to obtain applicable fees, charges, and procedures which may change during the property development process.</p>

I hereby certify that the above water purveyor information is true. This certification shall be valid for one (1) year from date of city letter.
