

GOING GREEN IS EASY

The City of Stanwood and Waste Management have teamed up to provide FREE recycling education materials and workshops for your business!

Our goal is to help encourage participation in your recycling program by providing you and your tenants or employees with the right tools and materials.

To request educational materials, sign up for a site visit or business recycling workshop, contact Waste Management at **1-800-592-9995** or email recyclenw@wm.com.

FREE Recycling Materials & Educational Services

- Recycling, Compost and Garbage posters and flyers
- Education materials in other languages
- Service level review to right-size your garbage and recycling
- Site visit and waste assessment
- Professional recycling workshops for property managers, tenants and employees

DID YOU KNOW?

In the City of Stanwood, recycling service follows open market rates, which are much lower than garbage service rates. By right-sizing your garbage service, and recycling everything that can be recycled, your business can save money!

Call Waste Management today at **1-800-592-9995** to start or increase recycling service.

Sincerely,

Your Waste Management Education Team
